Hot Tub Turf

HT Vision

HT Vision. An exciting new product for 2011. This synthetic grass is a very natural looking lawn turf with fantastic aesthetics. Its soft monofilament polyethylene surface with two colours of blade gives it such a natural appearance. Child and pet friendly with 30mm pile. Fire retardant & UV stable. No sand fill necessary.

£35.00 per square metre

HT Finesse

HT Finesse is a very soft, dense, multi-coloured surface. The grass has a two-tone brown thatch layer which gives it a very natural lush appearance. This grass can be used as a non in-fill turf and is suitable for all applications.

£30.00 per square metre

HT Aspire

HT Aspire is a very realistic turf but is extremely hard wearing which makes it ideal for areas of heavy use. The two contrasting colours used gives the appearance of a well kept lawn. The blades of grass will remain straight and true after use.

£28.00 per square metre

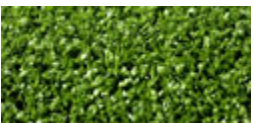

HT Fresco

HT Fresco combines two types of fibre to provide a realistic looking turf which should be sand dressed for stability. This is a natural looking meadow lawn turf which is extremely soft to touch.

£23.00 per square metre

HT Urban Lawn

HT Urban Lawn is an affordable turf which is ideal for use on domestic and commercial applications. This Olive green, sand dressed turf is designed to look natural but also to fit into anybody's budget

£15.00 per square metre
